SWEET FEAST

SWEET FEAST

A sweet wonderland filled with delicious treats and juicy rewards is all part of the fun and adventure when you spin the reels of Sweet Feast. This tantalizing slot will have you feeling like a kid in a candy store with its generous features and the possibility of winning up to 5,000x!

Sweet Feast is a 6x5 candy-themed slot that gets your tastebuds buzzing with the Tumbling Tiles feature that occurs after every winning combination. The winning symbols are paid and removed to make way for symbols to tumble down and more possible wins. When all tumbles have been completed, all multiplier symbols on the reels are added together and multiply the winnings.

Landing 4 or more Scatter symbols triggers 15 Free Spins but this time when the Tumbling Tiles occur, all values of any multiplier symbols are collected, and every win is multiplied by the accumulated multiplier for delectable payouts.

Want to skip the main course and jump straight to the dessert? Use the Buy Free Spins option anytime and sink your teeth straight into the action.

Satisfy your sweet tooth and play Sweet Feast now!

GAME FEATURES

TUMBLING TILES

Sweet Feast pays for symbols anywhere on the reels and when a winning combination occurs, the winning symbols are paid and then removed. This makes way for symbols from above and new ones to tumble down for potentially more winning combos that pay again, and again!

To sweeten the deal even more during the base game, Multiplier symbols with values from 2x-500x that are still on the reels at the end of the Tumbling Tiles feature are summed and multiply the payout.

FREE SPINS

Get the Free Spins fun rolling by landing 4 or more Scatters which triggers 15 Free Spins. However, the real cherry on top during the Free Spins is that every Multiplier symbol value is added to the Multiplier meter and multiplies every Tumbling Tiles win for spectacular prizes! Landing another 3 or more Scatters during the feature awards an extra 5 Free Spins.
