GAME FEATURES

STICKY COINS

When Coin symbols land, they hold their position for the next 4 spins. When a new Coin symbol lands on the reel, the counter above the reel resets and all Coin symbols on that reel hold their positions for an additional 4 spins. Fill the reel with Coin symbols, and all the values on the Coins are awarded!

WILD MULTIPLIERS

In the base game, the Wild can appear on the reels with a multiplier of up to 5x, which then multiplies the values of all Coins on all the reels for some super-wild prizes!

PRIZE POTS

During the base game, when a Coin Symbol with a red overlay lands, the overlay is collected into the Prize Pot Meter. Filling the meter triggers the Prize Pots where all you need to do is reveal 3 matching prizes to win the Mini, Minor, Major or Grand!

FREE GAMES

Land 3 or more Scatter symbols anywhere and get to enjoy up to 12 Free Spins. During the feature, Wilds can have multiplier values up to 10x that amplify all Sticky Coins for superb payouts.
