CHICKEN BURST MEGAWAYS

The Chickens are back, and they've brought Megaways™ for an adventure full of winning possibilities. Come and join your feathery friends for even more thrilling fun and egg-extravagant features than ever before.

Chicken Burst Megaways™ is a 6-reel farm adventure like no other, offering up to 117,649 Megaways™ for thrilling chances to win. Start growing a nest egg with the Lock N Spin Bonus that can trigger randomly whenever one or more Chicken Coins appear on the reels during the base game.

The feature starts with 3 respins and all coins remain sticky for the respins, during which only Bonus Coins, Prize Coins and burst Chicken Coins appear, plus each new coin that lands, resets the number of respins to 3.

Blue Chicken Coins that appear during the Lock N Spin Bonus activate the Cashier Chicken which awards random values up to 10x or Prize Coin values. Red Chicken Coins activate the Multiplier which doubles all other coins (except Prize Coins) and then the Red Chicken Coins turn into random value up to 10x. The Green Chicken Coins activate the Collector which collects the values from all other coins (except Prize Coins). Fill all positions and the Grand prize of 5000x will be all yours!

Want to fly the coop? Purchase a Bonus with the Buy Bonus feature anytime during the base game.

If you want to rule the roost, play Chicken Burst Megaways™!

GAME FEATURES

LOCK N SPIN BONUS

Land any Chicken Coin symbol or combination in the base game, and the Lock N Spin Bonus may trigger randomly. The triggering coins determine the starting coins and coins that appear during the feature. Lock N Spin begins with 3 respins, where Blue Chicken coins award random values or Prize coins, Red Chicken coins add multipliers, and Green Chicken coins collect values—offering plenty of fun and prize possibilities! To keep the opportunities for payouts flowing, all coins are sticky and whenever a new coin lands, it resets the respins for more chances to win big!
