Wolf Riches Hold N Spin is a 5x3 reel slot that takes you on an adventure into the wilderness with the chance to uncover exciting treasures. The heart of this game is the Hold N Spin bonus that triggers randomly whenever a Wild appears in the base game. The feature begins with 2 sets of 5x3 reels with the first unlocked and the second locked. Then, 3 spins take place with only Bonus and Mystery symbols that might bring generous rewards. Filling a reel with symbols unlocks the matching reel on the second reel set, plus every time a symbol lands on an unlocked reel, it resets the spins to 3 for more opportunities to collect more wins.

Want to activate the Hold N Spin feature instantly during the base game? Simply, purchase the Buy Bonus option anytime during the base game.

## GAME FEATURES

### HOLD N SPIN

All it takes is a Wild symbol to land during the base game and then at random, the Hold N Spin action might ignite and activate with two 5x3 reel sets with the possibility of only Bonus and Mystery symbols appearing. The first reel set is unlocked, and the second set is locked while 3 respins take place, and every time a new symbol lands it resets the respins. Bonus symbols remain sticky and pay up to 5x, whereas Mystery symbols can pay up to +50 and then disappear. Fill a reel with Bonus symbols to unlock the next reel set for an opportunity to win even more fantastic payouts. The feature ends when no more respins remain.
